FPL= Federal Poverty Level (2013)

APTC = Advance Payment of Premium Assistance Tax Credits

CSR = Cost Sharing Reductions

Many will qualify for the insurance affordability programs. Based on data from the U.S. Census Bureau's Current Population Survey from 2010-2011, approximately one-fifth of native-born U.S. citizens age 19 to 64 with incomes between 150% and 400% FPL are uninsured. An additional number of currently insured individuals in this demographic will drop their individual coverage or lose their employer-sponsored insurance and become eligible for these new programs.
